Steps to Reproduce
1. Open the Application URL 2. Click on 'My Account' dropmenu 3. Select 'Register' option 4. Enter the new User valid details into the 'Register Account' page 5. Select the 'Privacy Policy' checkbox option 6. Click on 'Continue' button
1. Open the Application URL 2. Click on 'My Account' dropmenu 3. Select 'Register' option 4. Enter valid details into the fields displayed on the 'Register Account' page 5. Enter invalid phone number say abcde into the 'Telephone' field 6. Select 'Privacy Policy' checkbox field 7. Click on 'Continue' button
1. Open the Application URL in any browser 2. Click on 'My Account' Dropmenu 3. Select 'Register' option 4. Check the 'Privacy Policy' checkbox field in the displayed 'Register Account' page
1. Open the Application URL in any browser 2. Click on 'My Account' dropmenu 3. Selection 'Register' option 4. Enter spaces into all the mandatory fields including 'Telephone' field 5. Select the 'Privacy Policy' checkbox field 6. Click on 'Continue' button

1. Open the Application URL in any browser
2. Click on 'My Account' dropmenu
3. Select 'Register' option
4. Enter details into all the mandatory fields
5. Enter simple password say 'abcd' into the 'Password' and 'Password Confirm' fields
6. Select 'Privacy Policy' checkbox field
7. Click on 'Continue' button

1. Open the Application URL in any browser
2. Click on 'My Account' dropmenu
3. Select 'Register' option
4. Enter leading and trailing spaces to the text fields in the 'Register Account' page
5. Select 'Privacy Policy' checkbox field
6. Click on 'Continue' button

1. Open Application URL in any browser
2. Click on 'My Account' dropmenu
3. Select 'Login' option
4. Enter valid email address into 'E-Mail Address' field and valid password into 'Password' field
5. Click on 'Login' button
6. Click on browser back button two times

1. Login to the Application
2. Click on 'My Account' dropmenu
3. Select 'Logout' option
4. Click on browser back button

1. Open Application URL in any browser
2. Click on 'My Account' dropmenu
3. Select 'Login' option
4. Enter password into the 'Password' field on the 'Login' page
5. Click on 'Login' button
6. Inspect the 'Password' text field

1. Login to the Application with valid credentials 2. Don't perform any action for next 30 minutes 3. Try to perform any action after the above 30 minutes like Search a product etc.
1. Login to the Application with same credentials in Chrome and Firefox Browser 2. Logout in Chrome browser 3. Check performing any action in Firefox browser
1. Open Application URL 2. Click on 'My Account' dropmenu 3. Select 'Login' option 4. Enter email address into the 'E-Mail Address' text field 5. Click on 'Forgotten Password' link
1. Open Application URL 2. Click on 'Search' icon without entering any product name 3. In the displayed 'Search' page, continuously press 'Tab' keyboard key
1. Open Application URL 2. Enter any Product Name say 'iMac' into the Search box field 3. Click on the button having Search icon 4. Click the Product displayed in the Search results 5. Change the quantity to Negative or Blank or Zero in the Qty field of Product Display Page 6. Click on 'Add to Cart' button

1. Open Application URL
2. Enter any Product say 'iMac' in the Search box field
3. Click on 'Search' icon button
4. Click on 'Add to Cart' button on the product displayed in the Search Results page
5. Click on 'Shopping Cart' header option
6. Enter -5 into the Quantity field
7. Click on 'Update' icon option

---

1. Open any Application URL
2. Navigate to Shopping Cart page after adding a Product to Cart
3. Click on 'Estimate Shipping & Taxes' dialog
4. Enter Country say 'United States' into the 'Country' text field
5. Enter Region/State say 'California' into the 'Region/State' text field
6. Click on 'Get Quotes' button

---

1. Login to the Account having few orders placed
2. Click on 'Order History' Right column option
3. Click on 'View' icon option of any order displayed in the table of 'Order History' page
4. Enter any future date into the 'Order Date' field in the displayed 'Product Returns' page
5. Provide/Select all the mandatory fields and click on 'Submit' button

---

1. Open Application URL
2. Click on 'About Us' footer option or other footer options like 'Delivery Information', 'Privacy Policy' and 'Terms & Conditions' page

1. Open Application URL 2. Click on 'Affiliate' footer link 3. Login from the 'Affiliate Program' page by providing credentials of the normal User who has not registered for an Affiliate account from the 'Affiliate Login' section 4. Click on 'Login' button
1. Open Application URL 2. Enter 'Canon' text into Search text field 3. Click on 'Search' icon button 4. Click on the Product displayed in the Search results 5. Select any option from the 'Select' dropdown field displayed in the Product Display Page
1. Open Application URL
1. Open Application URL 2. Click on the first Hero Image displayed in the Home page
1. Open Application URL 2. Click on 'Contact Us' footer option 3. Enter the details into 'Your Name', 'E-Mail Address' and 'Enquiry' fields in the 'Contact Us' page 4. Click on 'Submit' button

Expected Result	Actual Result
User Account should be created and an email with the subject 'Thank you for registering' should be received by the registered email address.	User Account is getting created, but the email with subject 'Thank you for registering' is not received to the registered email address.
Warning message should be displayed informing the Users about the invalid phone number	Warning message is not getting displayed, instead User account is getting created with invalid phone number
Privacy Policy' check box field should be marked with red colour * symbol	Privacy Policy' check box field is mandatory but not marked with red colour * symbol.
Warning message informing the User to enter the Telephone field should be displayed	Telephone field is accepting the spaces and no field level warning message is displayed for this field.

Warning message informing the User to enter a password matching the complexity standards should be displayed	Simple password got accepted and there is no warning message regarding the complexity standards of the Password.
Leading and Trailing spaces should not be accepted by the text fields in the 'Register Account' page	Leading and Trailing spaces are accepted by the text fields in the 'Register Account' page and account is getting created.
User should not get logged out	User is getting logged out
User should not get logged in automatically	User is getting logged in automatically
Password should not be visible in the Page Source code	Password is getting displayed in the Page Source code as shown in the attached screenshot

User should get automatically logged out	User is not getting logged out
User should also get logged out in Firefox browser	User is not getting logged out automatically in Firefox browser
Email address given in Login page should get carry forwarded to 'Forgot Your Password' page	Email address given in Login page is not getting carry forwarded to 'Forgot Your Password' page
All the options on the 'Search' page should get highlighted/focused.	Search in subcategories' checkbox field is not highlighted or focused.
Warning message informing the User to enter a positive quantity into the Qty field should be displayed	Success message with text - Success: You have added Product to your shopping cart! is getting displayed

Warning message informing the User to provide the positive quantity should be displayed	No warning message is getting displayed, instead 'Your shopping cart is empty!' is getting displayed
$5 should be displayed in the 'Estimate Shipping & Taxes' dialog	For the first time after opening the browser and following the steps to reproduce, $8 is getting displayed in the 'Estimate Shipping & Taxes' dialog
Warning message informing the User to provide a valid date should be displayed	Future Date provided in the 'Order Date' field is accepted and return is placed
Proper page text should be displayed in the pages	No page text is getting displayed in the page as shown in the attached screenshot

User doesn't have any affiliate account warning message should be displayed	Normal User not registered for affiliate account is able to login as shown in the attached screenshot
Options should be displayed in the 'Select' dropdown field	Not a single option is displayed in the 'Select' dropdown field as shown in the attached screenshot
Logo should be displayed on the top left of the page	Logo is not getting displayed, instead 'Your Text' is displayed on the page as shown in the attached screenshot
User should be taken to correct Product Display Page	User is taken to a Product Display page of a Tab
Success Message with text - 'Your Enquiry has been Submitted!' should be displayed in the 'Contact Us' page	A blank 'Contact Us' page is getting displayed as shown in the attached screenshot

Test Case ID	Test Scenario	Test Case Title
TC_ATC_001	(TS_008) Add to Cart	Validate adding the product to Cart from 'Product Display' Page
TC_ATC_002	(TS_008) Add to Cart	Validate adding the product to Cart from 'Wish List' Page
TC_ATC_003	(TS_008) Add to Cart	Validate adding the product to Cart from Search Results Page
TC_ATC_004	(TS_008) Add to Cart	Validate adding the product to Cart from the Related Products section of the Product Display Page
TC_ATC_005	(TS_008) Add to Cart	Validate adding the product to Cart from the Products displayed in the category or sub-category page
TC_ATC_006	(TS_008) Add to Cart	Validate adding the product to Cart from the Products displayed in the 'Featured' section of Home page
TC_ATC_007	(TS_008) Add to Cart	Validate adding the product to Cart from 'Product Comparison' Page

TC_ATC_008	(TS_007) Product Display Page	Validate the UI of 'Add to Cart' funtionality
TC_ATC_009	(TS_007) Product Display Page	Validate the 'Add to Cart' page functionality in all the supported environments

Pre-requisites	Test Steps
1. Open the Application URL	1. Enter any existing Product name into the Search text box field - <Refer Test Data> 2. Click on the button having search icon 3. Click on the Product displayed in the Search results 4. Click on 'Add to Cart' button in the displayed 'Product Display' page (Validate ER-1) 5. Click on the 'shopping cart!' link in the displayed success message (Validate ER-2)
1. Open the Application URL and Login 2. A product is added to Wish List page - <Refer Test Data>	1. Click on 'Wish List' header option 2. Click on 'Add to Cart' icon option in the displayed 'My Wish List' page (Validate ER-1) 3. Click on 'Shopping Cart' header option (Validate ER-2)
1. Open the Application URL	1. Enter any existing Product name into the Search text box field - <Refer Test Data> 2. Click on the button having search icon 3. Click on 'Add to Cart' option on the product that is displayed in the Search Results (Validate ER-1) 4. Click on 'Cart' button which is in black color beside the search icon button on the top of the page 5. Click on 'View Cart' option in the displayed box (Validate ER-2)
1. Open the Application URL	1. Enter any existing Product name into the Search text box field - <Refer Test Data> 2. Click on the button having search icon 3. Click on the Product displayed in the Search results 4. Click on 'Add to Cart' button on one of the Products displayed in the Related Products section of the displayed 'Product Display' page (Validate ER-1) 5. Click on the 'shopping cart!' link in the displayed success message (Validate ER-2)
1. Open the Application URL	1. Hover the mouse on any of the menu option say 'Desktops' 2. Click on 'Show All Desktops' option 3. Select 'Mac' subcategory option from the left side options 4. Click on 'Add to Cart' button that is availble on any of the Products of the displayed Category or Sub-category pages (Validate ER-1) 5. Click on the 'shopping cart!' link in the displayed success message (Validate ER-2)
1. Open the Application URL	1. Click on 'Add to Cart' button on the product that is displayed in the 'Featured' section of the Home page (Validate ER-1) 2. Click on the 'shopping cart!' link in the displayed success message (Validate ER-2)
1. Open the Application URL 2. A product is added to Product Comparison page - <Refer Test Data>	1. Click on 'Add to Cart' button on the product that is displayed in the 'Product Comparison' page (Validate ER-1) 2. Click on the 'shopping cart!' link in the displayed success message (Validate ER-2)

| 1. Open the Application URL in any supported browser | 1. Check the UI of the functioanality related to 'Add to Cart' (Validate ER-1) |
| 1. Open the Application URL in any supported browser | 1. Check the 'Add to Cart' functionality in all the supported environments (Validate ER-1) |

Test Data	Expected Result (ER)
Product Name: iMac	1. Success message with text - 'Success: You have added Product Name to your shopping cart!' should be displayed 2. Product should be successfully displayed in the 'Shopping Cart' page
Product Name: iMac Product Name: iMac	1. Success message with text - 'Success: You have added Product Name to your shopping cart!' should be displayed 2. TC_AFL_001	(TS_025) Affiliate	Validate registering for an affiliate account as a signedin user by providing only the mandatory details
TC_AFL_002	(TS_025) Affiliate	Validate registering for an affiliate account as a signedin user by providing all the details
TC_AFL_003	(TS_025) Affiliate	Validate registering for an affiliate account as a signedin user by selecting the payment method as Cheque
TC_AFL_004	(TS_025) Affiliate	Validate registering for an affiliate account as a signedin user by selecting the payment method as Paypal

TC_AFL_005	(TS_025) Affiliate	Validate registering for an affiliate account as a signedin user by selecting the payment method as Paypal by providing invalid email address format
TC_AFL_006	(TS_025) Affiliate	Validate registering for an affiliate account as a signedin user by selecting the payment method as Bank Transfer
TC_AFL_007	(TS_025) Affiliate	Validate mandatory fields while registering for an affiliate account as a signedin user by selecting the payment method as Cheque
TC_AFL_008	(TS_025) Affiliate	Validate mandatory fields while registering for an affiliate account as a signedin user by selecting the payment method as PayPal
TC_AFL_009	(TS_025) Affiliate	Validate mandatory fields while registering for an affiliate account as a signedin user by selecting the payment method as Bank Transfer
TC_AFL_010	(TS_025) Affiliate	Validate directly regestering a New Affiliate account by filling only the mandatory fields

		Validate directly regestering a New Affiliate account by filling all the fields
TC_AFL_011	(TS_025) Affiliate	
		Validate registering a duplicate affiliate account
TC_AFL_012	(TS_025) Affiliate	
		Validate registering a new affiliate account by providing invalid email format
TC_AFL_013	(TS_025) Affiliate	
		Validate registering a new affiliate account by providing different passwords into the 'Password' and 'Password Confirm' fields
TC_AFL_014	(TS_025) Affiliate	
		Validate 'login page' link in the displayed 'Affiliate Program'
TC_AFL_015	(TS_025) Affiliate	
		Validate 'About Us' link in the 'Affiliate Program' page
TC_AFL_016	(TS_025) Affiliate	
		Validate Logging into the Application as a User who has not yet registered as Affiliate
TC_AFL_017	(TS_025) Affiliate	

TC_AFL_018	(TS_025) Affiliate	Validate Logging into the Application as a User who has registered as Affiliate
TC_AFL_019	(TS_025) Affiliate	Validate selecting the 'Affiliate' footer link when the User is already loggedin
TC_AFL_020	(TS_025) Affiliate	Validate the Breadcrumb of 'Your Affiliate Information' page
TC_AFL_021	(TS_025) Affiliate	Validate the Page URL, Page Heading and Page Title of 'Affiliate Information' page
TC_AFL_022	(TS_025) Affiliate	Validate the UI of 'Affiliate Information' page functionality
TC_AFL_023	(TS_025) Affiliate	Validate the 'Affiliate Information' page functionality in all the supported environments
TC_AFL_024	(TS_025) Affiliate	Validate editing the earlier registered Affiliate information
TC_AFL_025	(TS_025) Affiliate	Validate generating the Affiliate Tracking link
TC_AFL_026	(TS_025) Affiliate	Validate the Breadcrumb of 'Affiliate Tracking' page
TC_AFL_027	(TS_025) Affiliate	Validate the Page URL, Page Heading and Page Title of 'Affiliate Tracking' page

TC_AFL_028	(TS_025) Affiliate	Validate the UI of 'Affiliate Tracking' page functionality
TC_AFL_029	(TS_025) Affiliate	Validate the 'Affiliate Tracking' page functionality in all the supported environments

Pre-requisites	Test Steps
1. Open the Application URL and login 2. User has not yet registered for an affiliate account	1. Click on 'Register for an affiliate account' link in the 'My Account' page (Validate ER-1) 2. Enter Payee Name into the mandatory field - 'Cheque Payee Name' field (Validate ER-2) 3. Select 'About Us' checkbox field 4. Click on 'Continue' button (Validate ER-3) 5. Check the 'My Account' page (Validate ER-4)
1. Open the Application URL and login 2. User has not yet registered for an affiliate account	1. Click on 'Register for an affiliate account' link in the 'My Account' page 2. Enter the details into all the fields - Company, Website, Tax ID, Payment Method as Cheque and Cheque Payee Name 3. Select 'About Us' checkbox field 4. Click on 'Continue' button (Validate ER-1) 5. Check the 'My Account' page (Validate ER-2)
1. Open the Application URL and login 2. User has not yet registered for an affiliate account	1. Click on 'Register for an affiliate account' link in the 'My Account' page 2. Enter the details into all the fields - Company, Website and Tax ID 3. Select the 'Payment Method' as 'Cheque' 4. Enter the Payee Name into the 'Cheque Payee Name' text field 5. Select 'About Us' checkbox field 6. Click on 'Continue' button (Validate ER-1) 7. Check the 'My Account' page (Validate ER-2)
1. Open the Application URL and login 2. User has not yet registered for an affiliate account	1. Click on 'Register for an affiliate account' link in the 'My Account' page 2. Enter the details into all the fields - Company, Website and Tax ID 3. Select the 'Payment Method' as 'PayPal' 4. Enter valid email address into the 'Paypal Email Account' text field 5. Select 'About Us' checkbox field 6. Click on 'Continue' button (Validate ER-1) 7. Check the 'My Account' page (Validate ER-2)

1. Open the Application URL and login 2. User has not yet registered for an affiliate account	1. Click on 'Register for an affiliate account' link in the 'My Account' page 2. Enter the details into all the fields - Company, Website and Tax ID 3. Select the 'Payment Method' as 'PayPal' 4. Enter invalid email address format into the 'Paypal Email Account' text field - <Refer Test Data> 5. Click on 'Continue' button (Validate ER-1)
1. Open the Application URL and login 2. User has not yet registered for an affiliate account	1. Click on 'Register for an affiliate account' link in the 'My Account' page 2. Enter the details into all the fields - Company, Website and Tax ID 3. Select the 'Payment Method' as 'Bank Transfer' 4. Enter Bank Account details into Bank Name, ABA/BSB number (Branch Number), SWIFT Code, Account Name and Account Number 5. Click on 'Continue' button (Validate ER-1)
1. Open the Application URL and login 2. User has not yet registered for an affiliate account	1. Click on 'Register for an affiliate account' link in the 'My Account' page 2. Don't enter anything into the fields 3. Select 'Payment Method' method as 'Cheque' 4. Select 'About Us' checkbox field 5. Click on 'Continue' button (Validate ER-1)
1. Open the Application URL and login 2. User has not yet registered for an affiliate account	1. Click on 'Register for an affiliate account' link in the 'My Account' page 2. Don't enter anything into the fields 3. Select 'Payment Method' method as 'PayPal' 4. Click on 'Continue' button (Validate ER-1)
1. Open the Application URL and login 2. User has not yet registered for an affiliate account	1. Click on 'Register for an affiliate account' link in the 'My Account' page 2. Don't enter anything into the fields 3. Select 'Payment Method' method as 'Bank Transfer' 4. Click on 'Continue' button (Validate ER-1)
1. Open the Application URL 2. User account is not created and is not loggedin	1. Click on 'Affiliate' footer option 2. Click on 'Continue' button in the 'New Affiliate' section 3. Enter details into all the mandatory fields - First Name, Last Name, E-Mail, Telephone, Cheque Payee Name, Password and Confirm Password in the displayed 'Affiliate Program' page 4. Select 'About Us' checcbox 5. Click on 'Continue' button (Validate ER-1) 6. Click on 'My Account' Right Column option (Validate ER-2)

1. Open the Application URL 2. User account is not created and is not loggedin	1. Click on 'Affiliate' footer option 2. Click on 'Continue' button in the 'New Affiliate' section 3. Enter details into all the fields - First Name, Last Name, E-Mail, Telephone, Company, Website, Tax ID, Payment Method, Cheque Payee Name, Password and Confirm Password in the displayed 'Affiliate Program' page 4. Select 'About Us' checbox 5. Click on 'Continue' button (Validate ER-1) 6. Click on 'My Account' Right Column option (Validate ER-2)
1. Open the Application URL 2. User account exists 3. User is not loggedin	1. Click on 'Affiliate' footer option 2. Click on 'Continue' button in the 'New Affiliate' section 3. Enter the exsting user account details in the displayed 'Affiliate Program' page - <Refer Test Data> 4. Select 'About Us' checbox 5. Click on 'Continue' button (Validate ER-1)
1. Open the Application URL 2. User is not loggedin	1. Click on 'Affiliate' footer option 2. Click on 'Continue' button in the 'New Affiliate' section 3. Enter all the details in the displayed 'Affiliate Program' page 4. Enter invalid email address format into the 'E-Mail' field - <Refer Test Data> 5. Select 'About Us' checbox 6. Click on 'Continue' button (Validate ER-1)
1. Open the Application URL 2. User is not loggedin	1. Click on 'Affiliate' footer option 2. Click on 'Continue' button in the 'New Affiliate' section 3. Enter all the details in the displayed 'Affiliate Program' page 4. Enter different passwords into the 'Password' and 'Password Confirm' fields 5. Select 'About Us' checbox 6. Click on 'Continue' button (Validate ER-1)
1. Open the Application URL 2. User is not loggedin	1. Click on 'Affiliate' footer option 2. Click on 'Continue' button in the 'New Affiliate' section 3. Click on 'login page' link in the displayed 'Affiliate Program' page (Validate ER-1)
1. Open the Application URL 2. User is not loggedin	1. Click on 'Affiliate' footer option 2. Click on 'Continue' button in the 'New Affiliate' section 3. Click on 'About Us' link in the displayed 'Affiliate Program' page (Validate ER-1) 4. Click on 'x' button on the dispalyed 'About Us' dialog (Validate ER-2)
1. Open the Application URL 2. Non Affiliate account exits for the User	1. Click on 'Affiliate' footer option 2. Enter valid credentials of the Non Affiliate Account of the User - <Refer Test Data> 3. Click on the 'Login' button (Validate ER-1)

1. Open the Application URL 2. Affiliate account exits for the User	1. Click on 'Affiliate' footer option 2. Enter valid credentials of the Affiliate Account of the User - <Refer Test Data> 3. Click on the 'Login' button (Validate ER-1)
1. Open the Application URL and login	1. Click on 'Affiliate' footer option (Validate ER-1)
1. Open the Application URL and login 2. User has not yet registered for an affiliate account	1. Click on 'Register for an affiliate account' link in the 'My Account' page 2. Check the Breadcrumb of the displayed 'Yout Affiliate Information' page (Validate ER-1)
1. Open the Application URL and login 2. User has not yet registered for an affiliate account	1. Click on 'Register for an affiliate account' link in the 'My Account' page 2. Check the 'Page URL', 'Page Title' and 'Page Heading' of 'Your Affiliate Information' page (Validate ER-1)
1. Open the Application URL and login 2. User has not yet registered for an affiliate account	1. Check the UI of the functionality related to 'Your Affiliate Information' page functionality (Validate ER-1)
1. Open the Application URL and login 2. User has not yet registered for an affiliate account	1. Check the 'Your Affiliate Information' page functionality in all the supported environments (Validate ER-1)
1. Open the Application URL and login 2. User has already registered for an affiliate account	1. Click on 'Edit your affiliate information' link in the 'My Account' page 2. Update the fields in the displayed 'Yout Affiliate Information' page 3. Click on 'Continue' button (Validate ER-1)
1. Open the Application URL and login 2. User has already registered for an affiliate account	1. Click on 'Custom Affiliate Tracking Code' link in the 'My Account' page (Validate ER-1 and ER-2) 2. Click inside the 'Tracking Link Generator' and select any displayed product say 'iMac' (Validate ER-3) 3. Copy the autogenerated tracking link from the 'Tracking Link' text field and browser in a new tab (Validate ER-4) 4. Click on 'Continue' button in the 'Affiliate Tracking' page (Validate ER-5)
1. Open the Application URL and login 2. User has already registered for an affiliate account	1. Click on 'Custom Affiliate Tracking Code' link in the 'My Account' page 2. Check the Breadcrumb of the displayed 'Affiliate Tracking' page (Validate ER-1)
1. Open the Application URL and login 2. User has already registered for an affiliate account	1. Click on 'Custom Affiliate Tracking Code' link in the 'My Account' page 2. Check the 'Page URL', 'Page Title' and 'Page Heading' of 'Affiliate Tracking' page (Validate ER-1)

| 1. Open the Application URL and login
2. User has already registered for an affiliate account | 1. Check the UI of the functionality related to 'Your Affiliate Tracking' page functionality (Validate ER-1) |
| 1. Open the Application URL and login
2. User has already registered for an affiliate account | 1. Check the 'Affiliate Tracking' page functionality in all the supported environments (Validate ER-1) |

Test Data	Expected Result (ER)
Not Applicable	1. User should be taken to 'Your Affiliate Information' page 2. 'Cheque Payee Name' field should be marked as mandatory using * red color symbol 3. Success message with text - 'Success: Your account has been successfully updated.' should be displayed and User should be taken to 'My Account' page 4. 'Register for an affiliate account' link should not be displayed any more and in place of that 'Edit your affiliate information' and 'Custom Affiliate Tracking Code' links should be displayed
Not Applicable	1. User should be taken to 'Your Affiliate Information' page 2. 'Cheque Payee Name' field should be marked as mandatory using * red color symbol 3. Success message with text - 'Success: Your account has been successfully updated.' should be displayed and User should be taken to 'My Account' page 4. 'Register for an affiliate account' link should not be displayed any more and in place of that 'Edit your affiliate information' and 'Custom Affiliate Tracking Code' links should be displayed
Not Applicable	1. User should be taken to 'Your Affiliate Information' page 2. 'Cheque Payee Name' field should be marked as mandatory using * red color symbol 3. Success message with text - 'Success: Your account has been successfully updated.' should be displayed and User should be taken to 'My Account' page 4. 'Register for an affiliate account' link should not be displayed any more and in place of that 'Edit your affiliate information' and 'Custom Affiliate Tracking Code' links should be displayed
Not Applicable	1. Success message with text - 'Success: Your account has been successfully updated.' should be displayed and User should be taken to 'My Account' page 2. 'Register for an affiliate account' link should not be displayed any more and in place of that 'Edit your affiliate information' and 'Custom Affiliate Tracking Code' links should be displayed

Try all below invalid email address formats:
1) pavan
2) pavan@
3) pavan@gmail
4) pavan@gmail.

1. Field level warning message informing the User to enter a valid email address format should be displayed

Not Applicable

1. Success message with text - 'Success: Your account has been successfully updated.' should be displayed and User should be taken to 'My Account' page
2. 'Register for an affiliate account' link should not be displayed any more and in place of that 'Edit your affiliate information' and 'Custom Affiliate Tracking Code' links should be displayed

Not Applicable

1. Field level warning message informing the User to providing the Cheque Payee Name into the mandatory field 'Cheque Payee Name' should be displayed

Not Applicable

1. Field level warning message informing the User to providing the email address into the mandatory field 'PayPal Email Account' should be displayed

Not Applicable

1. Field level warning message informing the User to providing the Account Name and Account Number into the mandatory field 'Account Name' and 'Account Number' should be displayed

1. User should get logged in and taken to 'Account Success' page
2. User should be taken to 'My Account' page, where 'Edit your affiliate information' and 'Custom Affiliate Tracking code' links are available

Not Applicable

Not Applicable

1. User should get logged in and taken to 'Account Success' page
2. User should be taken to 'My Account' page, where 'Edit your affiliate information' and 'Custom Affiliate Tracking code' links are available

First Name - Pavan
Last Name - Kumar
E-Mail - pavanoltraining@gmail.com
Telephone - 1234567890
Password - test123
Password Confirm - test123

1. Account should not be created again, instead the warning messsage - 'Warning: E-Mail Address is already registered!' should be displayed

Try all below invalid email address formats:
1) pavan
2) pavan@
3) pavan@gmail
4) pavan@gmail.

1. Account should not be created, instead a proper field level warning message or page level warning message to provide valid email address should be displayed

1. Field level warning message with text - 'Password confirmation does not match password!' should be displayed

Not Applicable

1. User should be taken to 'Affiliate Program' login page

Not Applicable

1. 'About Us' dialog with the proper text should be displayed
2. 'About Us' dailog should close

Not Applicable

Email Address - pavanoltraining@gmail.com
Password - test123

1. User should not be allowed to login as the Affiliate account doesn't exists for this User

Email Address - pavanoltraining@gmail.com Password - test123	1. User should be allowed to login as the Affiliate account exists for this User and should be taken to 'My Account' page
Not Applicable	1. User should be taken to 'My Account' page
Not Applicable	1. Breadcrumb should be displayed and properly working in the 'Your Affiliate Information' page.
Not Applicable	1. Correct Page URL, Page Heading and Page Title should be displayed in the 'Your Affiliate Information' page
Not Applicable	1. Proper UI adhering to the UI checklist should be displayed for the 'Your Affiliate Information' page functionality
Not Applicable	1. 'Your Affiliate Information' page functionality should work correctly in all the supported environments
Not Applicable	1. Success message with text - 'Success: Your account has been successfully updated.' should be displayed and User should be taken to 'My Account' page
Not Applicable	1. User should be taken to 'Affiliate Tracking' page and text - 'To make sure you get paid for referrals you send to us we need to track the referral by placing a tracking code in the URL's linking to us. You can use the tools below to generate links to the Your Store web site.' should be displayed under the Page Heading 2. Some unique Tracking code should be displayed in the 'Your Tracking Code' field 3. Tracking Link should autogenerate a page link to the 'Product Display Page' of selected product by appending the Tracking code with the link 4. User should be taken to 'Product Display Page' and the Tracking Code should be visible in the Address Bar 5. User should be taken to 'My Account' page
Not Applicable	1. Breadcrumb should be displayed and properly working in the 'Affiliate Tracking' page.
Not Applicable	1. Correct Page URL, Page Heading and Page Title should be displayed in the 'Affiliate Tracking' page

Not Applicable	1. Proper UI adhering to the UI checklist should be displayed for the 'Affiliate Tracking' page functionality
Not Applicable	1. 'Affiliate Tracking' page functionality should work correctly in all the supported environments

Pre-requisites	Test Steps
1. Open the Application URL	1. Click on 'Phone' icon option from the header options
1. Open the Application URL	1. Click on 'Contact Us' link from the Footer options
1. Open the Application URL	1. Enter any existing Product name into the Search text box field - <Refer Test Data> 2. Click on the button having search icon 3. Click on 'Add to Cart' button on the Product displayed in the Search results 4. Click on the 'shopping cart!' link in the displayed success message 5. Click on 'Checkout' button in the 'Shopping Cart' page 6. Click on 'Continue' button 7. Click on 'Continue' button 8. Click on 'Continue' button 9. Select the 'Terms & Conditions' checkbox field 10. Click on 'Continue' button 11. Click on 'Confirm Order' button 12. Click on 'store owner' link in the dispalyed 'Order Success' page (Validate ER-1)
1. Open the Application URL	1. Click on 'Phone' icon option from the header options 2. Check the displayed 'Contact Us' page (Validate ER-1)
1. Open the Application URL	1. Click on 'Phone' icon option from the header options 2. Check all the mandatory fields (Your Name, E-Mail Address and Enquiry) in the displayed 'Contact Us' page (Validate ER-1)
1. Open the Application URL 2. User is not logged in	1. Click on 'Phone' icon option from the header options 2. Enter all the fields in the 'Contact Form' with valid details 3. Click on 'Submit' button (Validate ER-1) 4. Click on 'Continue' button (Validate ER-2)
1. Open the Application URL 2. User is not logged in	1. Click on 'Phone' icon option from the header options 2. Don't enter any fields in the 'Contact Form' 3. Click on 'Submit' button (Validate ER-1)

1. Open the Application URL 2. User is not logged in	1. Click on 'Phone' icon option from the header options 2. Enter valid details into the 'Your Name' and 'Enquiry' text fields 3. Enter invalid email address into the 'E-Mail Address' field - <Refer Test Data> 4. Click on 'Submit' button (Validate ER-1)
1. Open the Application URL 2. User is logged in	1. Click on 'Phone' icon option from the header options (Validate ER-1) 2. Enter any text into the 'Enquiry' field 3. Click on 'Submit' button (Validate ER-2) 4. Click on 'Continue' button (Validate ER-3)
1. Open the Application URL and login	1. Click on 'Phone' icon option from the header options 2. Check the Breadcrumb of the displayed 'Contact Us' page (Validate ER-1)
1. Open the Application URL and login	1. Click on 'Phone' icon option from the header options 2. Check the 'Page URL', 'Page Title' and 'Page Heading' of 'Contact Us' page (Validate ER-1)
1. Open the Application URL	1. Check the UI of the functionality related to 'Contact Us' page functionality (Validate ER-1)
1. Open the Application URL	1. Check the 'Contact Us' page functionality in all the supported environments (Validate ER-1)

Test Data	Expected Result (ER)
Not Applicable	1. User should be taken to 'Contact Us' page
Not Applicable	1. User should be taken to 'Contact Us' page
	1. User should be taken to 'Contact Us' page

Product Name: iMac

Test Data	Expected Result (ER)
Not Applicable	1. 'Contact Us' page should have the below details and fields: - Our Location - Your Store and Telephone (Store details and Telephone details should be displayed) - Contact Form - Your Name, E-Mail Address and Enquiry
Not Applicable	1. Fields - 'Your Name', 'E-Mail Address' and 'Enquiry' should be specified as mandatory fields (i.e. * symbol in red color should be displayed)
Not Applicable	1. Success Message with text - 'Your Enquiry has been Submitted!' should be displayed 2. User should be taken to 'Home' page
Not Applicable	1. Field level validation messages informing the User to fill the mandatory fields should be displayed for all the fields and the form should not get submitted

Try all below invalid email address formats:
1) pavan
2) pavan@
3) pavan@gmail
4) pavan@gmail.

1. Field level validation messages informing the User to enter a valid email address should be displayed and the form should not get submitted

Not Applicable

1. Logged in User name and Logged in email address should be displayed by in the 'Your Name' and 'E-Mail Address' fields
2. Success Message with text - 'Your Enquiry has been Submitted!' should be displayed
3. User should be taken to 'Home' page

Not Applicable

1. Breadcrumb should be displayed and properly working in the 'Contact Us' page.

Not Applicable

1. Correct Page URL, Page Heading and Page Title should be displayed in the 'Contact Us' page.

Not Applicable

1. Proper UI adhering to the UI checklist should be displayed for the 'Contact Us' page functionality

Not Applicable

1. 'Contact Us' page functionality should work correctly in all the supported environments

1. Click on 'Forgotten Password' link from Login page 2. Don't enter anything into the 'E-Mail Address' field 3. Click on 'Continue' button (Validate ER-1)	Not Applicable
1. Click on 'Forgotten Password' link from Login page 2. Check Placeholder text for 'E-Mail' Address field (Validate ER-1)	Not Applicable
1. Click on 'Forgotten Password' link from Login page 2. Check the 'E-Mail' Address field (Validate ER-1)	Not Applicable
1. Click on 'Forgotten Password' link from Login page 2. Enter any invalid formatted email address into the 'E-Mail Address' field (Validate ER-1)	Try all below invalid email address formats: 1) pavanol 2) pavanol@ 3) pavanol@gmail 4) pavanol@gmail.
1. Click on 'Forgotten Password' link from Login page 2. Click on 'Back' button (Validate ER-1)	Not Applicable
1. Click on 'Forgotten Password' option from the 'Right Column' (Validate ER-1)	Not Applicable
1. Click on 'Forgotten Password' link from Login page 2. Check the working of Breadcrumb (Validate ER-1)	Not Applicable
1. Enter email address into the 'E-Mail Address' field of the Login page 2. Click on 'Forgotten Password' link (Validate ER-1)	Not Applicable
1. Click on 'Forgotten Password' link from Login page 2. Check the UI of the Page (Validate ER-1)	Not Applicable
1. Click on the reset password link available in the email 2. Enter any text into 'Password' and 'Confirm' fields on the 'Reset your Password' page	Not Applicable

1. Click on 'Forgotten Password' link from Login page

Not Applicable

Expected Result (ER)	Actual Result	Priority
1. User should be taken to 'Forgotten Password' page 2. Success message with text - 'An email with a confirmation link has been sent your email address.' should be displayed in green color 3. Validate that an email is received regarding resseting of the password to the registered email address 4. User should be taken 'Reset your Password' page 5. Success message with text - 'Success: Your password has been successfully updated.' should be displayed in green color and User should be navigated to 'Login' page 6. User should be able to login with the new password	1. Application Email system is not working	P1
1. An email should be recevied by the registered email address with the details of resetting the password. 2. Email should contain proper Subject, Body, from address and the link for resetting the password	1. Application Email system is not working	P2
1. User should not be able to login with old password	1. Application Email system is not working	P2
1. User should be able to login	1. Application Email system is not working	P2
1. Success message with text - 'An email with a confirmation link has been sent your email address.' should be displayed in green color	1. Success message with text - 'An email with a confirmation link has been sent your email address.' is displayed in green color	P2

1. User should be allowed to use the link sent in the email for resetting the password only once	1. Application Email system is not working	
		P2
1. A field level warning message with text - 'Password and password confirmation do not match!' should be displayed under 'confirm' field	1. Application Email system is not working	
		P2
1. Proper placeholder texts are displayed inside the 'Password' and 'Confirm' fields of the 'Reset your Password' page	1. Application Email system is not working	P3
1. Field level warning message with text - 'Password must be between 4 and 20 characters!' should be displayed for 'Password' field	1. Application Email system is not working	P3
1. User should be navigated to 'Login' page	1. Application Email system is not working	P3
1. 'Right Columns' options should be displayed in the 'Reset your Password' page	1. Application Email system is not working	P3
1. A proper working Breadcrumb should be displayed on the 'Reset your Password' page	1. Application Email system is not working	P3

1. A proper Page Heading, Page URL and Page Title should be displayed for 'Reset your Password' page	1. Application Email system is not working	P3
1. Proper UI adhering to the UI checklist should be displayed for 'Reset your Password' page	1. Application Email system is not working	P3
1. Field level warning message with text - E-Mail must be between 4 and 20 characters!' should be displayed for 'E-Mail Address' field	1. Field level warning message with text - E-Mail must be between 4 and 20 characters!' is displayed for 'E-Mail Address' field	P3
1. Proper Placeholder text is displayed inside the 'E-Mail Address' fields of the 'Forgotten Password' page	1. Proper Placeholder text is displayed inside the 'E-Mail Address' fields of the 'Forgotten Password' page	P3
1. 'E-Mail' Address field in the 'Forgotten Password' page should be marked as mandatory	1. 'E-Mail' Address field in the 'Forgotten Password' page is marked as mandatory	P3
1. Field level warning message informing the User to provide a valid formatted email address should be displayed	1. Field level warning message informing the User to provide a valid formatted email address is displayed	P3
1. User should be taken to 'Login' page	1. User is taken to 'Login' page	P3
1. User should be navigated to 'Forgotten Password page	1. User is navigated to 'Forgotten Password page	P3
1. A proper working Breadcrumb should be displayed on the 'Forgotten Password' page	1. A proper working Breadcrumb is displayed on the 'Forgotten Password' page	P3
1. User should be taken to 'Forgotten Password' page and email address given in the Login page should be displayed in this page by default [Usability point of view]	1. User is taken to 'Forgotten Password' page and email address given in the Login page is not displayed in this page by default [Usability point of view]	P3
1. Proper UI adhering to the UI checklist should be displayed for 'Forgotten Password' page	1. Proper UI adhering to the UI checklist is displayed for 'Forgotten Password' page	P3
1. Text entered into the 'Password' and 'Confirmed' fields should be toggled to hide its visibility (i.e. * or . Symbols should be displayed)	1. Application Email system is not working	P2

1. Reset Password functionality should work correctly in all the supported environments	1. Application Email system is not working	P2

Pre-requisites	Test Steps
1. Open the Application URL	1. Check the 'Contact Us' icon header option (Validate ER-1)
1. Open the Application URL	1. Click on the 'Currency' header option (Validate ER-1)
1. Open the Application URL 2. Multiple Products are added to Shopping Cart	1. Click on black color shopping cart button beside the 'Search' icon button 2. Click on 'Remove' icon button (Validate ER-1)
1. Open the Application URL	1. Hover the mouse on any Menu header (Validate ER-1) 2. Click on Category options or 'Show all Menu Header Name' options (Validate ER-2)
1. Open the Application URL	1. Click on 'About Us' Footer link (Validate ER-1)
1. Open the Application URL	1. Click on 'Delivery Information' Footer link (Validate ER-1)
1. Open the Application URL	1. Click on 'Privacy Policy' Footer link (Validate ER-1)
1. Open the Application URL	1. Click on 'Terms & Conditions' Footer link (Validate ER-1)
1. Open the Application URL	1. Click on 'Brands' Footer link (Validate ER-1) 2. Click on any Brand Name in the displayed page (Validate ER-2)
1. Open the Application URL	1. Click on 'Brands' Footer link 2. Click on any Brand Name in the displayed page 3. Select the 'List' view option in the displayed Brand page (Validate ER-1)
1. Open the Application URL	1. Click on 'Brands' Footer link 2. Click on any Brand Name in the displayed page 3. Select the 'Grid' view option in the displayed Brand page (Validate ER-1)
1. Open the Application URL	1. Click on 'Brands' Footer link 2. Click on any Brand Name in the displayed page 3. Click on 'Product Compare' link in the displayed Brand page (Validate ER-1)
1. Open the Application URL	1. Click on 'Brands' Footer link 2. Click on any Brand Name in the displayed page 3. Select any option from the 'Sort By' field in the displayed Brand page (Validate ER-1)
1. Open the Application URL	1. Click on 'Brands' Footer link 2. Click on any Brand Name in the displayed page 3. Select any option from the 'Show field in the displayed Brand page (Validate ER-1)

1. Open the Application URL	1. Click on 'Brands' Footer link 2. Click on any Brand Name in the displayed page 3. Select 'ADD TO CART' option of any product that is displayed in the displayed Brand page (Validate ER-1)
1. Open the Application URL and login	1. Click on 'Brands' Footer link 2. Click on any Brand Name in the displayed page 3. Select 'Wish List' icon option of any product that is displayed in the displayed Brand page (Validate ER-1)
1. Open the Application URL	1. Click on 'Brands' Footer link 2. Click on any Brand Name in the displayed page 3. Select 'Compare this Product' icon option of any product that is displayed in the displayed Brand page (Validate ER-1)
1. Open the Application URL	1. Click on 'Brands' Footer link 2. Click on any Brand Name in the displayed page 3. Click on Product Thumbnail or Product Name of any Product that is displayed in the displayed Brand page (Validate ER-1)
1. Open the Application URL	1. Check the Breadcrumb of all the footer option pages (Validate ER-1)
1. Open the Application URL	1. Check the 'Page URL', 'Page Title' and 'Page Heading' of all the Footer option pages (Validate ER-1)
1. Open the Application URL	1. Check the UI of the functionality related to Footer option pages (Validate ER-1)
1. Open the Application URL	1. Check all the Footer pages functionality in all the supported environments (Validate ER-1)

Test Data	Expected Result (ER)
Not Applicable	1. Correct Phone number in proper format should be displayed for the 'Contact Us' icon header option beside the phone icon
Not Applicable	1. 'Euro', 'Pound Streling' and 'US Dollar' options should be displayed
Not Applicable	1. Product in the 'Shopping Cart' should be removed from the Cart
Not Applicable	1. Different category options should be displayed along with 'Show all Menu Header Name' option 2. User should be taken to Category pages or All Products belonging to the Menu based on the selection
Not Applicable	1. User should be taken to 'About Us' page and proper text/information should be displayed on this page
Not Applicable	1. User should be taken to 'Delivery Information' page and proper text/information should be displayed on this page
Not Applicable	1. User should be taken to 'Privacy Policy' page and proper text/information should be displayed on this page
Not Applicable	1. User should be taken to 'Terms & Conditions' page and proper text/information should be displayed on this page
Not Applicable	1. User should be taken to 'Find your Favourite Brand' page and proper text/information should be displayed on this page 2. User should be taken to selected Brand Page and all the products related to the Brand should be displayed
Not Applicable	1. All the products in selected Brand page are displayed in List view
Not Applicable	1. All the products in selected Brand page are displayed in Grid view
Not Applicable	1. User should be taken to 'Product Comparision' page
Not Applicable	1. All the products in the 'Brand' page should be displayed as sorted according to the selected sorted option
Not Applicable	1. Only the number of Products that are selected in the 'Show' field should be displayed

Not Applicable	1. Success message with text - 'Success: You have added Product Name to your shopping cart!' should be displayed and the Product should be successfully added to the Shopping Cart
Not Applicable	1. Success message with text - 'Success: You have added Product Name to your wish list!' should be displayed and the Product should be successfully added to the Wish List
Not Applicable	1. Success message with text - 'Success: You have added Product Name' to your product comparison!' should be displayed and the Product should be successfully added to the 'Product Comparison' page
Not Applicable	1. User should be taken to the 'Product Display Page' of the Product
Not Applicable	1. Breadcrumb should be displayed and properly working in all the Footer option pages
Not Applicable	1. Correct Page URL, Page Heading and Page Title should be displayed in all the Footer option pages
Not Applicable	1. Proper UI adhering to the UI checklist should be displayed for al the Footer option pages
Not Applicable	1. All the Footer pages functionality should work correctly in all the supported environments

1. User is taken to 'Login' page and 'Forgotten Password' link should be displayed in the page 2. User is taken to 'Forgotten Password' page	P3	PASS

User is able to log into the
application

P3   PASS

Proper place holder text is
displayed inside the 'E-Mail
Address' and 'Password' text
fields

P3   PASS

1. User is getting logged out

OPENCART-
BUG-7

P3   FAIL

1. User is getting loggged in

P2   FAIL

Unable to test as we don't have the credentails of an inactive account for testing it

P2   Blocked

Warning message with the text ' Warning: Your account has exceeded allowed number of login attempts. Please try again in 1 hour.' is displayed for the 5th time of clicking the 'Login' button with the same invalid credentials

P2   PASS

Text entered into the Password field is toggled to hide its visibility (i.e. Instead of entered characters getting dispalyed, the Password field should show either * or . Symbols)
1. Copy option in the Right click menu is disabled
2. Cannot copy Password text

P2 PASS

P2 PASS

1. Password is visible in the page source

OPENCART-BUG-9

P2 FAIL

1. User is not allowed to login with old credentials
2. User is able to login with new credentials

P2 **PASS**

Loggedin Sesion is maintained and User has not logged out

P3 **PASS**

1. User is not getting automatically logged out with a proper message stating your session got expired.

P3 **FAIL** OPENCART-BUG-10

1. User is navigated to 'Register Account' page
2. User is navigated to the Appropriate pages

P3 **PASS**

1. User is navigated to 'Login' page

P3 **PASS**

1. Proper Breadcrumb, Page Heading, Page URL and Page Title is displayed

P3 **PASS**

1. Login page UI is according to the UI checklist	P3	PASS
1. Login functionality is working correctly in all the supported environments	P3	PASS

Test Case ID	Test Scenario	Test Case Title	Pre-requisites
TC_LG_001	(TS_003) Logout Functionality	Validate Logging out by selecting Logout option from 'My Account' dropmenu	1. Open the Application URL 2. User is logged in
TC_LG_002	(TS_003) Logout Functionality	Validate Logging out by selecting Logout option from 'Right Column' options	1. Open the Application URL 2. User is logged in and is on 'Account' page
TC_LG_003	(TS_003) Logout Functionality	Validate the Application session status, after logging and closing the Browser without logging out	1. Open the Application URL 2. User is logged in
TC_LG_004	(TS_003) Logout Functionality	Validate logging out and browsing back	1. Open the Application URL 2. User is logged in
TC_LG_005	(TS_003) Logout Functionality	Validate Logout option is not displayed under 'My Account' menu before logging in	1. Open the Application URL
TC_LG_006	(TS_003) Logout Functionality	Validate Logout option is not displayed under 'Right Column' options before logging in	1. Open the Application
TC_LG_007	(TS_003) Logout Functionality	Validate logout from an Account from a single place after logging into it from different places	1. Open the Application URL 2. User is logged in Firefox Browser of your laptop 3. User is logged in with the same acccount of step2 in Chrome browser of your Mobile device

TC_LG_008	(TS_003) Logout Functionality	Validate logging out and loggin in immediately after logout	1. Open the Application URL 2. User is logged in
TC_LG_009	(TS_003) Logout Functionality	Validate 'Account Logout' page	1. Open the Application URL 2. User is logged in
TC_LG_010	(TS_003) Logout Functionality	Validate the UI of the Logout option and the 'Account Logout' page	1. Open the Application URL 2. User is logged in
TC_LG_011	(TS_003) Logout Functionality	Validate the Logout functionality in all the supported environments	1. Open the Application URL 2. User is logged in

Test Steps	Test Data	Expected Result (ER)
1. Click on 'My Account' Dropmenu 2. Select 'Logout' option (Verify ER-1) 3. Click on 'Continue' button (Verify ER-2)	Not Applicable	1. User should be taken to the 'Account Logout' page and User should see Login option inplace of Logout under the 'My Account' dropmenu 2. User should be taken to the Home page
1. Click on 'Logout' option from the Right Column (Verify ER-1) 2. Click on 'Continue' button (Verify ER-2)	Not Applicable	1. User should be taken to the 'Account Logout' page and User should see Login option inplace of Logout under the 'My Account' dropmenu 2. User should be taken to the Home page
1. Close the Browser without Logging out 2. Open the Browser and navigate the application (Verify ER-1)	Not Applicable	1. Application should not get logged out, instead the user loggedin session need to be mainitained
1. Click on 'My Account' Dropmenu 2. Select 'Logout' option 3. Click on Browser back button (Verify ER-1)	Not Applicable	1. User should not get logged in
1. Click on 'My Account' Dropmenu (Verify ER-1)	Not Applicable	1. Logout option should not be displayed under 'My Account' dropmenu
1. Click on 'My Account' Dropmenu 2. Select 'Regiser' option (Verify ER-1)	Not Applicable	1. Logout option should not be displayed in the 'Right Column'
1. Click on 'My Account' Dropmenu in Firefox Browser 2. Select 'Logout' option 3. Perform any operation which requires the user to log, say navigating to Address Book page in the Chrome Browser of Mobile device (Verify ER-1)	Not Applicable	1. User be logged out in Mobile device too, instead of getting navigated to the Address book page

1. Click on 'My Account' Dropmenu 2. Select 'Logout' option 3. Login immediately again with same or different account (Verify ER-1)	Not Applicable	1. Same Account or Differnet Account should get loggedin
1. Click on 'My Account' Dropmenu 2. Select 'Logout' option 3. Check the Page Heading, Page Title, Page URL and Breadcrumb of the displayed 'Account Logout' page (Verify ER-1)	Not Applicable	1. Proper Page Heading, Page Title, Page URL and Breadcrumb are displayed for 'Account Logout' page
1. Click on 'My Account' Dropmenu 2. Select 'Logout' option (Verify ER-1)	Not Applicable	1. Proper UI adhering to the UI checklist should be displayed for Logout option (My Account DropMenu and Right Column) and 'Account Logout' page
1. Click on 'My Account' Dropmenu 2. Select 'Logout' option (Verify ER-1)	Not Applicable	1. Logout functionality should work correctly in all the supported environments

Actual Result	Priority	Result	Comments
1. User is taken to the 'Account Logout' page and User should see Login option inplace of Logout under the 'My Account' dropmenu 2. User is taken to the Home page	P1	PASS	
1. User is taken to the 'Account Logout' page and User should see Login option inplace of Logout under the 'My Account' dropmenu 2. User is taken to the Home page	P3	PASS	
1. Application is not logged out, instead the user loggedin session is mainitained	P3	PASS

1. Open the Application URL in any supported browser	1. Enter any existing Product name into the Search text box field - <Refer Test Data> 2. Click on the button having search icon 3. Select 'Compare this Product' option on the Product that is displayed in the search results 4. Click on the 'Product Comparison' link in the displayed success message 5. Click on 'Add to Cart' button of the Product from the 'Product Comparison' page (Validate ER-1)
1. Open the Application URL in any supported browser	1. Enter any existing Product name into the Search text box field - <Refer Test Data> 2. Click on the button having search icon 3. Select 'Compare this Product' option on the Product that is displayed in the search results 4. Click on the 'Product Comparison' link in the displayed success message 5. Click on 'Remove' button of the Products from the 'Product Comparison' page (Validate ER-1)
1. Open the Application URL in any supported browser	1. Enter any existing Product name into the Search text box field - <Refer Test Data> 2. Click on the button having search icon 3. Select 'Compare this Product' option on the Product that is displayed in the search results 4. Click on the 'Product Comparison' link in the displayed success message 5. Check the Page Title, Page Heading and Page URL of hte displayed 'Product Comparison' page (Validate ER-1)
1. Open the Application URL in any supported browser	1. Enter any existing Product name into the Search text box field - <Refer Test Data> 2. Click on the button having search icon 3. Select 'Compare this Product' option on the Product that is displayed in the search results 4. Click on the 'Product Comparison' link in the displayed success message (Validate ER-1)
1. Open the Application URL in any supported browser	1. Enter any existing Product name into the Search text box field - <Refer Test Data> 2. Click on the button having search icon 3. Select 'Compare this Product' option on the Product that is displayed in the search results 4. Click on the 'Product Comparison' link in the displayed success message (Validate ER-1)

Test Data	Expected Result (ER)
Product Name: iMac	1. Tool tip with the text - 'Compare this Product' should be displayed 2. Success message with text - ' Success: You have added Product Name to your product comparison!' should be displayed 3. User should be taken to the 'Product Comparison' page with the details of the Product that we have added for comparision.
Product Name: iMac	1. Tool tip with the text - 'Compare this Product' should be displayed 2. Success message with text - ' Success: You have added Product Name to your product comparison!' should be displayed 3. User should be taken to the 'Product Comparison' page with the details of the Product that we have added for comparision.
Product Name: iMac	1. Tool tip with the text - 'Compare this Product' should be displayed 2. Success message with text - ' Success: You have added Product Name to your product comparison!' should be displayed 3. User should be taken to the 'Product Comparison' page with the details of the Product that we have added for comparision.
Not Applicable	1. Tool tip with the text - 'Compare this Product' should be displayed 2. Success message with text - ' Success: You have added Product Name to your product comparison!' should be displayed 3. User should be taken to the 'Product Comparison' page with the details of the Product that we have added for comparision.

Not Applicable	1. Tool tip with the text - 'Compare this Product' should be displayed 2. Success message with text - ' Success: You have added Product Name to your product comparison!' should be displayed 3. User should be taken to the 'Product Comparison' page with the details of the Product that we have added for comparision.
Product Name: iMac	1. Tool tip with the text - 'Compare this Product' should be displayed 2. Success message with text - ' Success: You have added Product Name to your product comparison!' should be displayed 3. User should be taken to the 'Product Comparison' page with the details of the Product that we have added for comparision.
Not Applicable Product Name: iMac	1. Tool tip with the text - 'Compare this Product' should be displayed 2. Success message with text - ' Success: You have added Product Name to your product comparison!' should be displayed 3. User should be taken to the 'Product Comparison' page with the details of the Product that we have added for comparision. 1. User should be taken to 'Product Compare' page
Not Applicable	1. User should be taken to 'Product Compare' page
Not Applicable	1. 'You have not chosen any products to compare.' should be displayed on the page
Not Applicable	1. User should be navigated to 'Home' page
Not Applicable	1. Breadcrumb should work without any problems

Product Name: iMac

1. Success message with text - ' Success: You have added Product Name to your product comparison!' should be displayed
2. User should be navigated to the respective Product Display Page
3. User shluld be taken to the 'Prdocut Comparison' page

Product Name: iMac

1. Validate that a single product is displayed in the 'Product Comparison' page with all the proper product details and the buttons (Add to Cart and Remove buttons)

Product Name: iMac
Any other Product Name: iPhone

1. Validate that two products are displayed in the 'Product Comparison' page with all the proper product details and the buttons (Add to Cart and Remove buttons)

Product Name: iMac

1. Validate that the product shoud be displayed in the 'Product Comparison' page only one with all the proper product details and the buttons (Add to Cart and Remove buttons)

First Product Name: iMac
Second Product Name: iPhone
Third Product Name: MacBook Air

1. Validate that three products are displayed in the 'Product Comparison' page with all the proper product details and the buttons (Add to Cart and Remove buttons)

First Product Name: iMac
Second Product Name: iPhone
Third Product Name: MacBook Air
Fourth Product Name: MacBook

1. Validate that four products are displayed in the 'Product Comparison' page with all the proper product details and the buttons (Add to Cart and Remove buttons)

First Product Name: iMac
Second Product Name: iPhone
Third Product Name: MacBook Air
Fourth Product Name: MacBook
Fifth Product Name: MacBook Pro

1. Validate that lastest four products (Second Product Name to Fifth Product Name) are displayed in the 'Product Comparison' page with all the proper product details and the buttons (Add to Cart and Remove buttons) and the First added Product is automatically removed from the 'Product Comparison' page as it allows only four products for comparision.

Product Name: iMac

1. Validate that the products are successfully added to the 'Shopping Cart' page from the 'Product Compare' page. Check this by also adding mulitple products to the 'Product Comparison' page.

Product Name: iMac

1. Validate that the products are successfully removed from the 'Product Compare' page. Check this by adding and removing mulitple products to the 'Product Comparison' page.

1. Proper Page Title, Page Heading and Page URL of the 'Product Comparison' page are displayed.

Product Name: iMac

1. Proper UI adhering to the UI checklist should be displayed for the complete 'Product Comparison' functionality

Product Name: iMac

1. 'Product Comparison' functionality should work correctly in all the supported environments

Product Name: iMac

1. Click on 'My Account' Drop menu
2. Click on 'Register' option

Not Applicable

Expected Result (ER)

1. User should be logged in, taken to 'Account Succcess' page and proper details should be displayed on the page
2. User should be taken to 'Account' page and a confirm email should be sent to the registed email address

1. Validate a confirmation email for registering the account is sent to the registered email address.
2. Validate the Email subject, body and from address of the received email.
3. Validate there is a link to the login page provided in the Email body
4. User should be taken to the Login page

1. User should be logged in, taken to 'Account Succcess' page and proper details should be displayed on the page
2. User should be taken to 'Account' page

1. The below warning messages should be displayed for the respective fields:

For First Name field, the warning message 'First Name must be between 1 and 32 characters!' should be displayed

For Last Name field, the warning message 'Last Name must be between 1 and 32 characters!' should be displayed

For E-Mail field, the warning message 'E-Mail Address does not appear to be valid!' should be displayed

For Telephone field, the warning message 'Telephone must be between 3 and 32 characters!' should be displayed

For Password field, the warning message 'Password must be between 4 and 20 characters!' should be displayed

For Privacy Policy field, the warning message 'Warning: You must agree to the Privacy Policy!' should be displayed on the top

1. User should be logged in, taken to 'Account Succcess' page and proper details should be displayed on the page

2. User should be taken to 'Account' page

3. 'Yes' option should be displayed as selected by default in the Newsletter page

1. User should be logged in, taken to 'Account Succcess' page and proper details should be displayed on the page
2. User should be taken to 'Account' page
3. 'No' option should be displayed as selected by default in the Newsletter page

1. User should be taken to 'Register Account' page

1.Account should not be created, instead a warning message - 'Password confirmation does not match password!' should be displayed under 'Password Confirm' field

1. Account should not be created again, instead the warning messsage - 'Warning: E-Mail Address is already registered!' should be displayed

1. Account should not be created, instead a proper field level warning message or page level warning message to provide valid email address should be displayed

1. Account should not be created, instead a proper warning message should be displayed

1. User should be logged in, taken to 'Account Succcess' page and proper details should be displayed on the page

1. Proper Placeholder texts should be displayed in these fields

1. All the specified Fields in the Test Steps should be marked with red color * symbol

1. All the details entered while registering the account are successfully stored in the Database

1. Warning message should be displayed for these Mandatory fields

1. Warning message should be displayed for following Password Complexity Standards

1. Text fields should abide to the Client requirements

1. The leading and trailing spaces entered into these fields should automatically get trimmed on successful account creation

1. 'Privacy Policy' checkbox option is not selected by default

1. Warning message - 'Warning: You must agree to the Privacy Policy!' should be displayed

1.Password text entered into 'Password' and 'Password Confirm' fields need to be toggled to hide its visibilty (It should be hidden by displaying * or . Symbols)

1. User should be navigated to the respective pages without any problems

1. Warning message - 'Password confirmation does not match password!' should be displayed under 'Password Confirm' field

1. Proper Breadcrumb, Page Heading, Page URL and Page Title should be displayed

1. Proper and good UI should be displayed on the 'Register Account' page

1.'Register Account' functionality should work in all the supported environments

Actual Result	Priority	Result	Comments

| TC_WL_020 | (TS_009) Wish List | Validate the 'Wish List' functionality in all the supported environments |

Pre-requisites	Test Steps
1. Open the Application URL and login	1. Enter any existing Product name into the Search text box field - <Refer Test Data> 2. Click on the button having search icon 3. Click on the Product displayed in the Search results 4. Click on 'Add to Wish List' option on a product that is displayed in the 'Related Products' section of displayed 'Product Display' page (Validate ER-1) 5. Click on the 'wish list!' link in the displayed success message (Validate ER-2)
1. Open the Application URL and login	1. Click on the 'Store logo' (Validate ER-1) 2. Scroll down till the 'Featured' section on the Home page is displayed 3. Click on 'Add to Wish List' option on a product that is displayed in the 'Featured' section (Validate ER-2) 4. Click on the 'wish list!' link in the displayed success message (Validate ER-3)
1. Open the Application URL and login	1. Hover the mouse on any of the menu option say 'Desktops' 2. Click on 'Show All Desktops' option 3. Select 'Mac' subcategory option from the left side options 4. Click on 'Add to Wish List' option that is availble on any of the Products of the displayed Category or Sub-category pages (Validate ER-1) 5. Click on the 'wish list!' link in the displayed success message (Validate ER-2)
1. Open the Application URL and login	1. Enter any existing Product name into the Search text box field - <Refer Test Data> 2. Click on the button having search icon 3. Click on 'Add to Wish List' option of a product that is dispayed in the 'Search Results' page (Validate ER-1) 4. Click on the 'wish list!' link in the displayed success message (Validate ER-2)
1. Open the Application URL and login	1. Enter any existing Product name into the Search text box field - <Refer Test Data> 2. Click on the button having search icon 3. Click on the Product displayed in the Search results 4. Click on 'Add to Wish List' option in the displayed 'Product Display' page 5. Click on the 'wish list!' link in the displayed success message (Validate ER-1)
1. Open the Application URL and login	1. Enter any existing Product name into the Search text box field - <Refer Test Data> 2. Click on the button having search icon 3. Click on the Product displayed in the Search results 4. Click on 'Add to Wish List' option in the displayed 'Product Display' page 5. Click on the 'Wish List' header option (Validate ER-1)

1. Open the Application URL and login	1. Click on 'Wish List' option from the 'Right Column' options (Validate ER-1)
1. Open the Application URL and login	1. Click on 'Modify your wish list' option (Validate ER-1)
1. Open the Application URL and login	1. Click on 'Wish List' link in the Footer options (Validate ER-1)
1. Open the Application URL and login	1. Click on 'Modify your wish list' option 2. Check the Breadcrumb that is displayed in the 'Wish List' page (Validate ER-1)
1. Open the Application URL and login	1. Click on 'Modify your wish list' option 2. Check the Page Title, Page URL and Page Heading of the displayed 'Wish List' page (Validate ER-1)
1. Open the Application URL and login 2. No products are added to 'My Wish List' page	1. Click on 'Modify your wish list' option 2. Check the displayed 'My Wish List' page (Validate ER-1) 3. Click on 'Continue' button (Validate ER-2)
1. Open the Application URL and login 2. One product is added to 'My Wish List' page	1. Click on 'Modify your wish list' option 2. Check the displayed 'My Wish List' page (Validate ER-1, ER-2) 3. Click on 'Continue' button (Validate ER-3)
1. Open the Application URL and login 2. One product is added to 'My Wish List' page	1. Click on 'Modify your wish list' option 2. Click on 'Remove' icon option (Validate ER-1)
1. Open the Application URL and login 2. One product is added to 'My Wish List' page	1. Click on 'Modify your wish list' option 2. Click on 'Add to Cart' icon option (Validate ER-1)
1. Open the Application URL and login 2. Add multiple products to 'My Wish List' page	1. Click on 'Modify your wish list' option (Validate ER-1, ER-2)
1. Open the Application URL and login	1. Enter any existing Product name into the Search text box field - <Refer Test Data> 2. Click on the button having search icon 3. Click on the Product displayed in the Search results 4. Click on 'Add to Wish List' option in the displayed 'Product Display' page 5. Repeat Step 4 multiple times 6. Click on 'wish list!' link from the Success message (Validate ER-1)
1. Open the Application URL in any supported browser	1. Check the UI of the functioanality related to 'Wish List' (Validate ER-1)

| 1. Open the Application URL in any supported browser | 1. Check the 'Wish List' functionality in all the supported environments (Validate ER-1) |

Test Data	Expected Result (ER)
Product Name: iMac	1. Success message with text - 'Success: You have added Product Name to your wish list!' should be displayed 2. Product should be successfully displayed in the 'My Wish List' page
Not Applicable	1. User should be taken to Home page (In this website, 'Your Store' text is the logo) 2. Success message with text - 'Success: You have added Product Name to your wish list!' should be displayed 3. Product should be successfully displayed in the 'My Wish List' page
Not Applicable	1. Success message with text - 'Success: You have added Product Name to your wish list!' should be displayed 2. Product should be successfully displayed in the 'My Wish List' page
Product Name: iMac	1. Success message with text - 'Success: You have added Product Name to your wish list!' should be displayed 2. Product should be successfully displayed in the 'My Wish List' page
Product Name: iMac	1. User should be taken to 'My Wish List' page
Product Name: iMac	1. User should be taken to 'My Wish List' page

Product Name: iMac	1. User should be taken to 'My Wish List' page
Product Name: iMac	1. User should be taken to 'My Wish List' page
Product Name: iMac	1. User should be taken to 'My Wish List' page
Not Applicable	1. Correct Breadcrumb should be displayed in the 'Wish List' page and should work correctly
Not Applicable	1. Correct Page Title, Page URL and Page Heading should be displayed
Not Applicable	1. Text - 'Your wish list is empty.' should be displayed 2. User should be taken to 'My Account' page
Not Applicable	1. Proper details should be displayed under 'Image', 'Product Name', 'Model', 'Stock', 'Unit Price' and 'Action' columns. 2. Clicking on Image or Product Name link should take the User to Product Display page of the product. 3. Should take the User to 'My Account' page
Not Applicable	1. Success message with text - 'Success: You have modified your wish list!' should be displayed, 'My Wish List' page should become empty and 'Your wish list is empty.' text should be displayed on the page.
Not Applicable	1. Success message with text - 'Success: You have added Product Name to your shopping cart!' should ge displayed
Not Applicable	1. User should be taken to 'My Wish List' page and all the multiple products added to the page are displayed no matter what how many we added to this page. 2. All the details should be correct are all the options in this page should work correctly
	1. User should be taken to 'My Wish List' page and only one product should be displayed without any duplications in this page.
Not Applicable	
Not Applicable	1. Proper UI adhering to the UI checklist should be displayed for the 'Wish List' functionality

Not Applicable

1. 'Wish List' functionality should work correctly in all the supported environments
